

Alerts – ACM Digital Library

Database alerting services allow you to select information of interest and then be notified regularly, via email, of new information available. The table of contents of specific journals, magazines and newspapers; the output of search queries and specific article citations can all be pushed to your email inbox. The services make it easier to stay on top of developments in your field of interest.

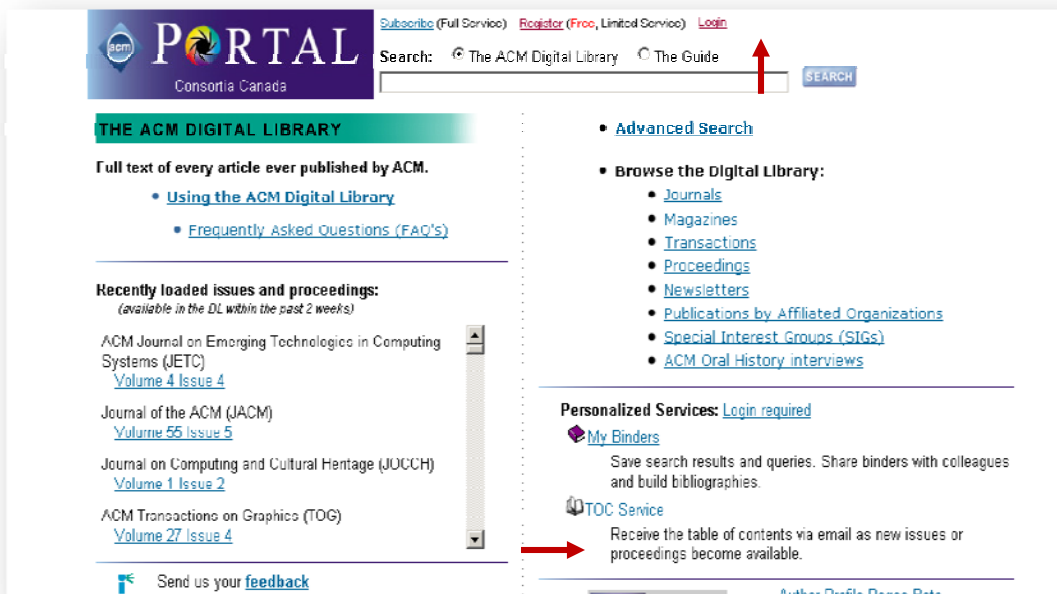

ACM Digital Library allows email alerts to Seneca College students, faculty and staff, in the following area:

- Table of Contents Alerts

Users must register with ACM to take advantage of these alerting services.

Table of Contents

1. Login to ACM Digital Library.

2. Click on the TOC Service link.

THE ACM DIGITAL LIBRARY

Table of Contents Service
