

# OBTAINING PERSISTENT LINKS TO FULL TEXT ARTICLES

## BRITANNICA ONLINE

1. Find the article that you are interested in:

2. Copy-and-paste the URL from the Address Bar into a text editor:

3. Replace everything in the URL before **/levels** with:

**“https://libaccess.senecacollege.ca/login?url=http://academic.eb.com”**

So in the above example, the complete persistent link to that article would be:

**https://libaccess.senecacollege.ca/login?url=http://academic.eb.com/levels/collegiate/article/108533**

4. Test links before posting via email, course webpages, etc.
