

OBTAINING PERSISTENT LINKS TO ARTICLES

OHSINSIDER

1. Find content that you are interested in:

Last Updated: 3 September 2019

2. Copy the URL from the address bar. In the above example it is:

<https://ohsinsider.com/topics/ohs-trends-the-10-most-important-new-ohs-laws-of-2018>

3. Add this to the front of that URL:

<https://libaccess.senecacollege.ca/login?url=>

4. So in the example,

<https://libaccess.senecacollege.ca/login?url=https://ohsinsider.com/topics/ohs-trends-the-10-most-important-new-ohs-laws-of-2018> is a persistent link to the report on new OHS laws in 2018, above.

5. Test links before posting via email, course webpages, etc.
