# OBTAINING PERSISTENT LINKS TO CONTENT IN QP BRIEFING

1. Find the article you are interested in and copy the URL from the address bar:

2. URLs for content in QP Briefing contain a date, starting with the year of the post. Replace everything before the year (in the case above, 2016) with …

   https://libaccess.senecacollege.ca/login?url=http://www.qpbriefing.com/

   So for the above example…

   https://libaccess.senecacollege.ca/login?url=http://www.qpbriefing.com/2016/06/30/changes-to-booze-lobbyist-health-and-safety-rules-coming-into-effect/

   …is a link to the article. The link can be sent to students via email, placed on a MySeneca course webpage, etc., and is accessible both on- and off-campus.
