

OBTAINING PERSISTENT LINKS TO TITLES

SKILLSOFT BOOKS (FORMERLY KNOWN AS BOOKS24X7)

1. Find the book you require and copy-and-paste the URL in the Address Bar into a text editor.

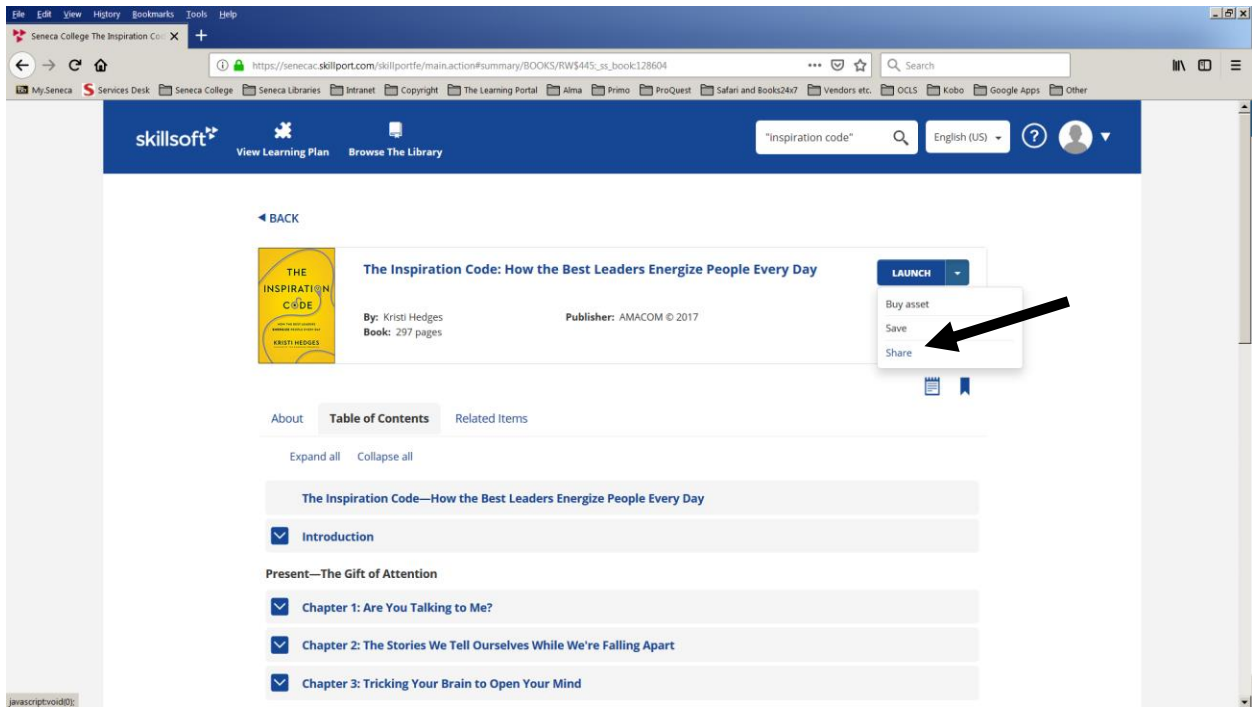

2. All you need are the last six digits. In the case of the book above, it would be 128604. Add the following before those digits:

<https://libaccess.senecacollege.ca/sso/skillport?context=>

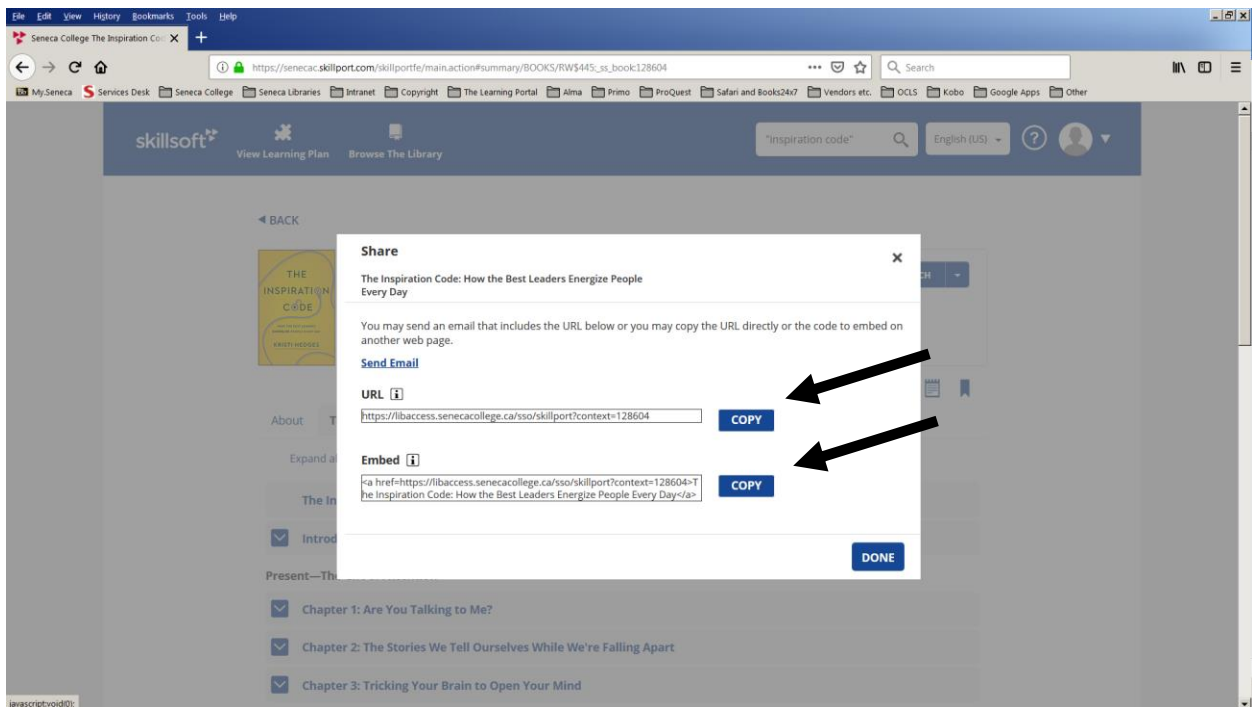

So, the persistent link to the above title would be:

<https://libaccess.senecacollege.ca/sso/skillport?context=128604>

3. Alternatively, you may click the little arrow next to “LAUNCH” and then click “Share”...

...to get this...

Copy the URL in the URL field if you are simply e-mailing the link to students. Copy the code in the Embed field if you want to provide a link to the book within a larger HTML webpage. Note that it is not possible to link to a specific chapter or section of a book in Skillsoft Books.
